The taste of understated luxury

Outdoor cooking is no longer just a practical necessity; it is the heart of outdoor living. It is about the luxury of time, bringing friends together, and the freedom to endlessly enjoy your own garden. With **GrillNest®**, you bring style, functionality, and top-tier quality to your outdoor space.

GrillNest® creates luxurious, modular outdoor kitchens featuring a sleek, modern design and high-quality materials. We combine authentic craftsmanship with smart modularity to design your ultimate outdoor cooking experience.

Every **GrillNest®** kitchen is crafted with the utmost care. The sleek design of high-quality stainless steel and black powder-coated steel is perfectly balanced by subtle wood accents that add warmth to the whole. The result is an outdoor kitchen that radiates understated luxury. Perfect for stylish outdoor evenings with friends, framed by design lighting and a dark, elegant ambiance.

Whether you love hours of slow cooking on a Kamado, or want to grill lightning-fast on a Boretti: with our flexible modules, you can effortlessly assemble the outdoor kitchen that perfectly matches your cooking style and outdoor space.

Our Partnerships

A premium outdoor kitchen deserves top-tier equipment. That is why GrillNest® works exclusively with absolute top brands from the culinary and sanitary world. We seamlessly integrate these brands into our modular system, ensuring you never have to compromise on performance, design, or durability.

Whether it is instant boiling water from a Quooker, lightning-fast grilling on a Boretti Hybrid Grill, or the authentic smoky flavor of a Monolith Kamado; our carefully selected partners make your outdoor kitchen complete. Enjoy professional quality, right in your own backyard.

GRILLNEST®

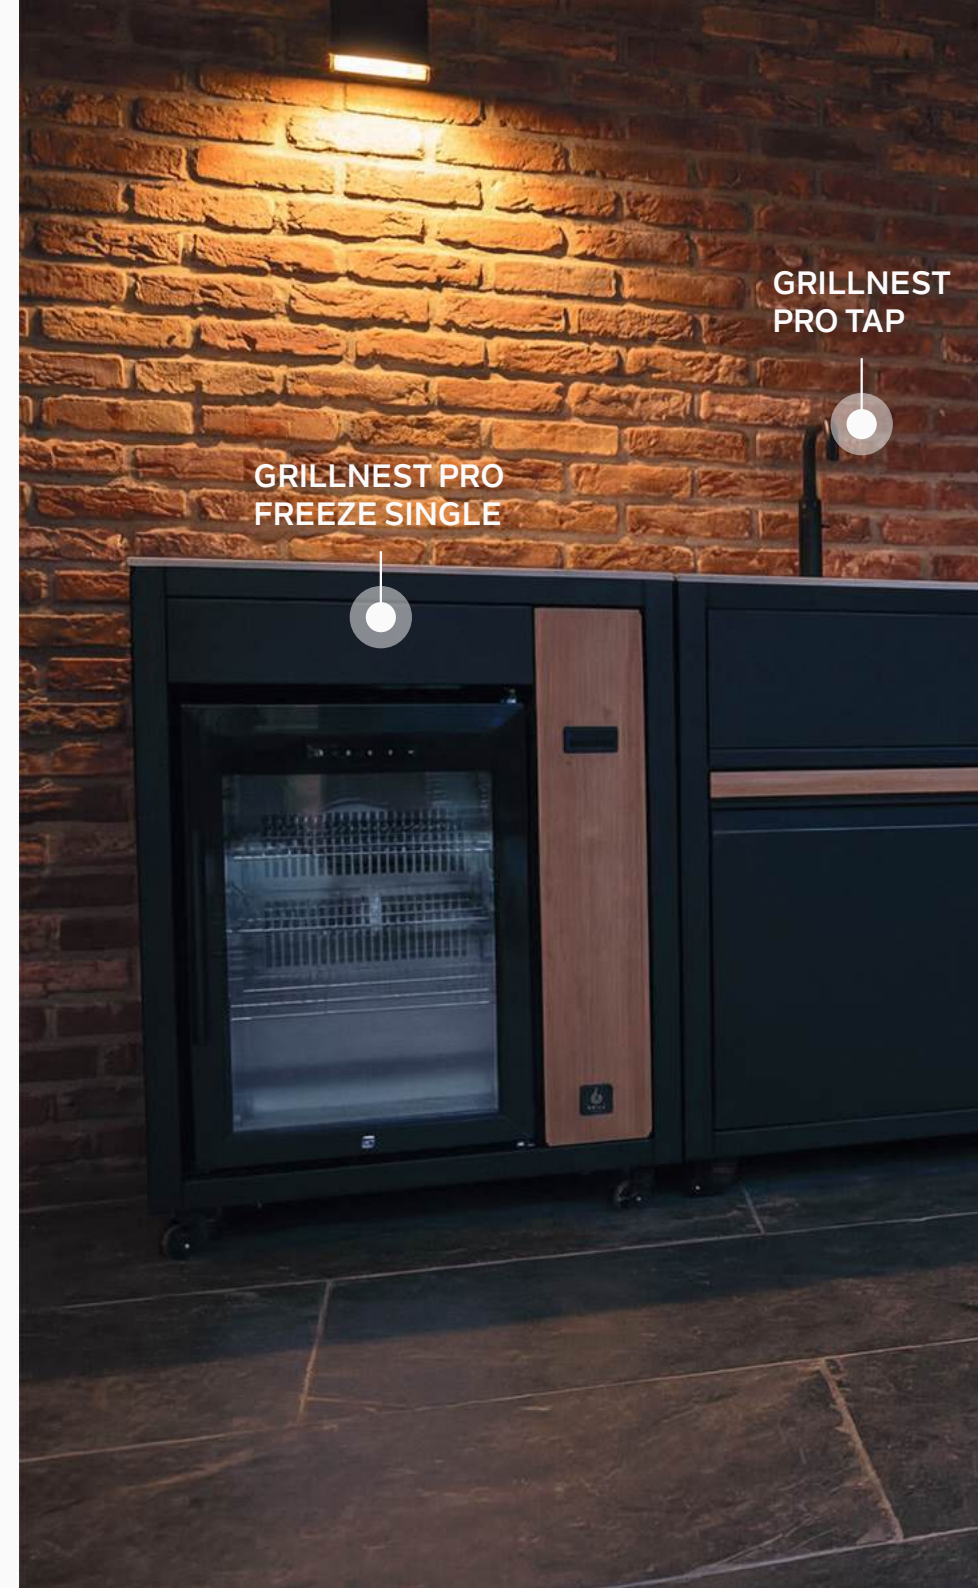

Our Individual Modules

Assemble your ideal outdoor kitchen with **GrillNest®**. No garden or cooking style is the same. With the modular outdoor kitchens of GrillNest Pro, you can easily compose a kitchen island or wall setup that perfectly grows with your needs and the available space.

Design an outdoor kitchen that feels uniquely yours. The **GrillNest®** Pro Base forms the flawless foundation of your setup, featuring heat-resistant worktops and spacious soft-close drawers for serene storage. Preparation becomes a joy with the **GrillNest®** Pro Tap module, equipped with a sleek stainless steel sink, ready to be elevated by a premium Quooker or Hansgrohe faucet.

For the devoted pitmaster, the **GrillNest®** Pro Kamado Stand provides a lowered, seamless stage for your Kamado. Prefer ultimate versatility? The **GrillNest®** Pro Boretti module connects flawlessly to the powerful Boretti Hybrid Grill, uniting gas and charcoal with smart, invisible storage. Finally, complete your summer evenings with the **GrillNest®** Pro Freeze. Featuring a high-quality refrigerator, integrated lighting, and organized glass storage, it adds the ultimate touch of understated luxury.

An Eye for Detail

True luxury lies in the details. An outdoor kitchen shouldn't just be beautiful to look at; it also needs to withstand the unpredictable elements.

Every GrillNest® module is crafted with artisanal precision. The framework is made of robust Stainless Steel (SS201) and is fully finished with a high-quality, dual-layered powder coating in elegant matte black. This guarantees an exceptionally long lifespan and optimal weather resistance.

The soft-closing drawers ensure ultimate ease of use and tranquility. The cool, clean lines of the steel and the heat-resistant worktops are beautifully balanced by the warm, robust wood accents on the handles. With GrillNest®, you choose thoughtful design, specially created to shine in your garden 365 days a year.

SuperSauna®

Premium Dealer

Discover the perfect finish, the high-quality materials, and the refined design of GrillNest® in person. We warmly welcome you to one of the **10** inspiring showrooms of SuperSauna®.

With over 20 years of experience in luxury and wellness, SuperSauna® is the absolute specialist in the Benelux and beyond. Over the years, they have helped more than 30,000 satisfied customers realize their own private wellness. Alongside a wide range of (infrared) saunas, ice baths, and hot tubs, you will find the modular outdoor kitchens of GrillNest® presented in full size. With expert advice and everything managed in-house, they guarantee short communication lines and the highest level of service.

Our Complete Sets

Would you prefer a perfectly matched outdoor kitchen right away, without having to overthink the composition? Then let yourself be inspired by our complete **GrillNest®** sets.

From sleek, compact setups for an intimate rooftop terrace to spacious, all-in-one kitchen islands for a generous backyard: our experts have already designed the most popular and efficient combinations for you. Consider the perfect synergy between a Kamado, extra workspace (Base), a sink (Tap), and a built-in double refrigerator (Freeze L).

Choose the model that seamlessly fits the dimensions of your outdoor space. All you have to do is add your favorite equipment and invite the first guests over for an unforgettable evening.

GRILLNEST SET 363

The compact, complete outdoor culinary experience

Composition

Pro Base + Kamado Stand + Freeze Single

The GrillNest® Set 363 is the perfect configuration for the outdoor chef who refuses to compromise but wants to use space efficiently. This setup forms an impressive and solid foundation for your terrace. With the heat-resistant Pro Base as the versatile heart of the kitchen, the specially designed Kamado Stand for the seamless integration of your ceramic barbecue, and the Freeze Single refrigerator, everything you need is right at your fingertips. Meat, fish, and ice-cold drinks await in the integrated cooler, while the spacious drawers ensure a neatly organized workspace. A perfect balance between efficient design and maximum performance.

GRILLNEST SET 565

The ultimate kitchen island for the versatile pitmaster

Composition

Pro Base + Kamado Stand + Boretti Module + Pro Base

Why choose between gas, charcoal, or slow-cooking when you can have it all? The GrillNest® Set 565 is designed for the true culinary adventurer. This impressive and generous setup brings the best of both worlds together by seamlessly accommodating both a traditional Kamado and the powerful Boretti Hybrid Grill. Flanked by two spacious Pro Base modules, you will enjoy an abundance of prep and workspace. Store all your accessories and your gas cylinder safely out of sight in the soft-closing drawers. This is not just an outdoor kitchen; it is an unparalleled cooking station that transforms your garden into a star-quality restaurant.

GRILLNEST SET 869

Bring the comfort of indoors, outdoors

Composition

Pro Tap + Kamado Stand + Pro Base + Freeze Double

Experience pure luxury with the high-end GrillNest® Set 869. This generous setup is not merely barbecue furniture, but a fully equipped cooking station and the radiant centerpiece of every stylish summer evening. Rinse ingredients and work hygienically at the luxurious Pro Tap module featuring a built-in stainless steel sink. While the meat slow-cooks on the Kamado, the double glass-door outdoor refrigerator (Freeze Double) offers an ocean of space for fresh ingredients and perfectly chilled wines. As soon as the sun sets, the subtle, integrated lighting in the cooler adds a beautiful, warm ambiance to your terrace. Gastronomy at the highest level.
